Desert Tree Ministry

Development

Publishing  Our print shop, Imprimerie Desert Tree Ministry (IDTM), facilitates production, writing, translation, and printing (or importing) of Gospel literature in French and local languages as an unchanging witness to the truth and to encourage personal growth and Bible study.

Training  The Bible Learning Center (BLC) trains and equips Adventist lay members to experience revival and reformation and then to work in cooperation with the Adventist church to spread the gospel to areas that do not yet understand the Three Angels' Messages.

Audio  We desire to produce audio and video material to reach a culture who learn largely through oral transmission and the majority of whom are illiterate. Ultimately, we hope to establish a radio station.

Desert Tree Ministry

Development

Chad

No official Adventist publishing house in CAUM.

We support the work of the church and work closely with the church.

Desert Tree Ministry

Development

Our ministry started small. I conducted Bible studies for friends and neighbors in our neighborhood.

Desert Tree Ministry

Development

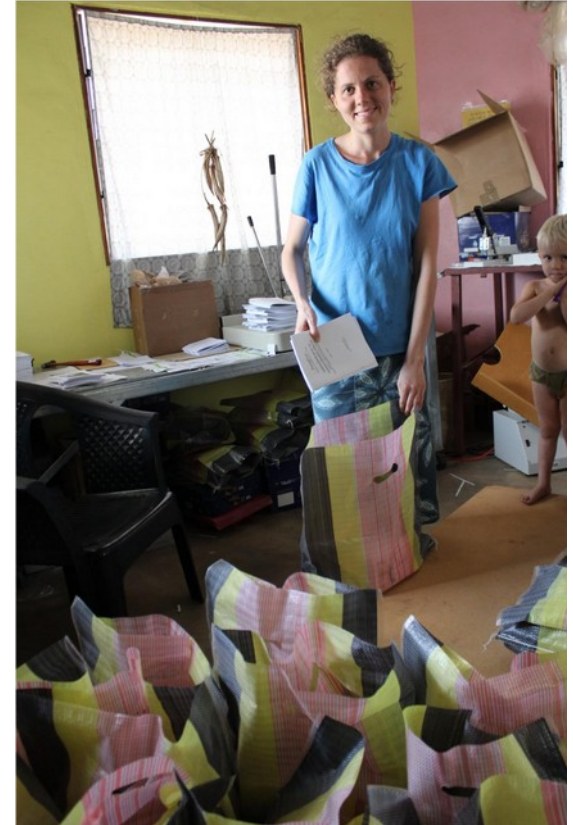

Our first printer, carried over in a suitcase.
Small enough to run on solar power.

Desert Tree Ministry

Development

A family project that started in our home.

Desert Tree Ministry

Development

We grew into a 20-ft shipping container, with a couple small rooms attached.

We worked here for four years.

Desert Tree Ministry

Development

Eventually, we purchased our own property of about 1.5 hectares.

Desert Tree Ministry

Development

A much larger facility

Construction started
toward end of 2020

About 300m²
